Liz, Maureen --

I had been keeping Barbara Klieforth in the loop on EPA activities in Dimock, PA. Since I heard her last day was Friday, I wanted to touch base with you on this.

EPA is currently sharing with residents the latest set of sampling data at private drinking water wells in Dimock and will release the sampling data publicly once all residents have been notified.

If you have any questions, please let me know.

Have a good day -  
Jennie
